

ZEISS Lattice SIM 5 Workshop

**IU Light Microscopy
Imaging Center (LMIC)**

ZEISS is proud to present in-person demonstrations of our newest offering:

ZEISS Lattice SIM 5

ZEISS Lattice SIM 5 focuses on observing the vibrant sub-organelle network of life with flexibility, speed, and gentle super-resolution in live or fixed samples. Schedule a time with our experts to acquire incredible images of your sample using the ZEISS Lattice SIM 5.

Tech Talk: *Unlocking Live Super-Resolution with ZEISS Lattice SIM 5*

April 14th 2025 | 2 - 3pm | BB 248 (Cleland Room)

In-person Lattice SIM 5 demonstrations available:

April 14th – 17th | Room 059 Myers Hall, Indiana University
